

INSPECTION

Inspection of Approved Aerial Herbicide Spraying Romeo Malette Forest

The Ontario **Ministry of Natural Resources and Forestry (MNRF)** invites you to inspect the MNRF-approved aerial herbicide spray project. As part of our ongoing efforts to regenerate and protect Ontario's forests, selected stands on the **Romeo Malette Forest** (see map) will be sprayed with herbicide to control competing vegetation, starting on or about **July 15, 2017**. The herbicide Forza P.C.P. registration # 26401 *Pest Control Products Act* will be used.

The approved project description and project plan for the aerial herbicide project is available for public inspection at the office of Tembec and on the MNRF public website at ontario.ca/forestplans beginning **April 1, 2017 until March 31, 2018** when the Annual Work Schedule expires. ServiceOntario Centres provide access to the Internet.

Interested and affected persons and organizations can arrange an appointment with MNRF staff at the MNRF District Office to discuss the aerial herbicide project.

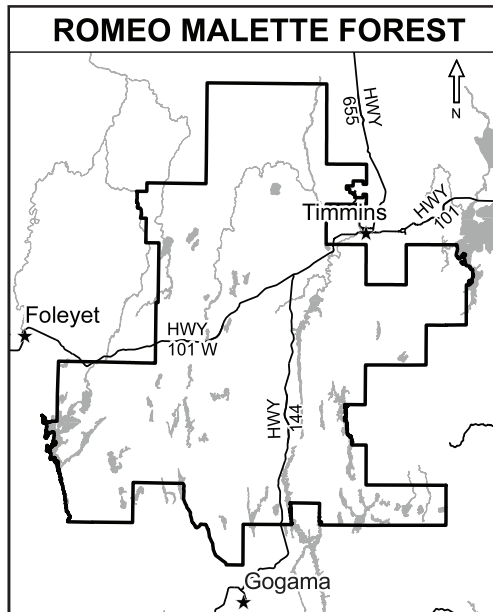

For more information or to arrange for an appointment, please contact:

Lino Morandin, R.P.F.

Operations Superintendent
