

INSPECTION

Inspection of Approved Prescribed Burn Nipissing Forest

The Ontario **Ministry of Natural Resources and Forestry (MNRF)** invites you to inspect the MNRF approved Prescribed Burn Plan that will be carried out in the **Nipissing Forest** (see map).

As part of our ongoing efforts to regenerate and protect Ontario's forests, recently harvested area has been selected to be burned under the strict guidelines of the MNRF *Prescribed Burn Planning Manual*. The Prescribed Burn will prepare and enhance the site for subsequent regeneration and growth. The burn is scheduled for ignition between **August 30, 2017** and **December 15, 2017**.

Information about this Prescribed Burn project, including the specific location and map, is available for public viewing at the office of Nipissing Forest Resource Management Inc. office (address below) during normal business hours and the MNRF public website at ontario.ca/forestplans beginning **July 28, 2017**. ServiceOntario Centres at 447 McKeown Avenue in North Bay and 94 King Street in Sturgeon Falls provide access to the Internet.

Interested and affected persons and organizations can arrange an appointment, weekdays between 8:00 a.m. to 4:30 p.m., to discuss the Prescribed Burn project by contacting:

Andrée Morneault, R.P.F., Silviculture Forester
Nipissing Forest Resource Management Inc.
