

INSPECTION

Inspection of Approved Aerial Herbicide Spraying French-Severn Forest

The Ontario **Ministry of Natural Resources and Forestry (MNRF)** invites you to inspect the MNRF-approved aerial herbicide spray project(s). As part of our ongoing efforts to regenerate and protect Ontario's forests, selected stands on the **French-Severn Forest** (see map) will be sprayed with herbicide to control competing vegetation, starting on or about **September 5, 2017**. The herbicide GARLON XRT, registration PCP # 28945 and WeedMaster PCP # 29009 *Pest Control Products Act* will be used.

The approved project description and project plan for the aerial herbicide project is available for public inspection at Westwind Forest Stewardship Inc. and on the MNRF public website at ontario.ca/forestplans beginning **April 1, 2017 until March 31, 2018** when the Annual Work Schedule expires. OntarioService Centres at 7 Bay Street, Parry Sound and 207 Main Street West, Huntsville, provide access to the Internet.

Interested and affected persons and organizations can arrange an appointment with MNRF staff at the MNRF District or Area Offices to discuss the aerial herbicide project.
